

Harness FBH5 Datasheet

FBH5

Designed for females, the harness offers good support around the hips and design negates the need for a chest strap. Harness manufactured in single bright colour due to design.

Principal features:

- Easy to put on and take off
- Lightweight
- Stainless steel fittings
- Multi purpose with front rear and side 'D' rings
- Polyester webbing
- Shock absorbing rear dorsal connection
- Comfortable to wear
- Padded supporting belt and leg straps for work positioning
- Comfortable sit arrangement for confined space and descent
